

MOBILE ACTIVE TREATMENT SYSTEM

The MATS offers many advantages over a large scale water treatment system. The MATS is designed to pump down and treat holding ponds or tanks on short notice.

Rates can be quoted by the hour, day or week. In a "flow through" configuration the MATS is designed for sites between 3 and 10 acres.

FEATURES

- Mobile Unit with a Qualified Operator
- 250 GPM Nominal Flow Rate
- Automation & Water Quality Monitoring
- Self Contained System
- Remote Access & Control
- Alarm Signal Transmission

ADVANTAGES

- Fast Response 24/7
- Available On-Demand
- Handle Small to Medium Sized Sites
- Data Logging Discharge Control
- No Site Power Required
- Pump & Filters Included

BENEFITS

- No Long Term Rental
- Low Mobilization Costs
- Quick Pump Down of Ponds for Next Event
- NPDES/SWPPP Compliant
- Low Operating Cost
- Small Footprint
- Pump and Go Design
