

ENVIRONMENTAL WATER QUALITY MONITORING

OVERVIEW

Active Treatment Systems, Inc. ATS Control Unit™ is a state-of-the-art monitoring and control unit. It is a mobile unit, which can easily be moved from location to location. It serves as

- An on-site Laboratory
- A monitoring Station
- A control center for addressing multiple constituents of concern include: turbidity, pH, metals, hydrocarbons, pesticides, and more.
- Report Generation

SYSTEM SAFEGUARDS

The on-site weather station, in-line real-time monitoring, and automated alarm warning system provide a safety network unlike any other in the industry. These safeguards provide assurance that the ATS Control Unit™ can keep you in compliance, even in the worst conditions.

MONITORING & REPORTING

- NPDES Compliance
- Lab Certified Sampling
- Self Monitoring Reports
- Permit Preparation
